## Personal Statment

Senior UI/UX & Product Designer with 4+ years of experience delivering scalable B2B and B2C products across SaaS, Healthcare, Fintech, and AI platforms. Led design for 15+ products, improving task completion by 28% and reducing client feedback cycles by 35%. Experienced in collaborating with cross-functional teams across USA, UK, and UAE using Agile methodologies to deliver measurable business impact.

## Experience

### Senior UI/UX & Product Designer

TechRev.LLC | Sep 2023 – Present

- Led end-to-end UI/UX and product design for 5+ concurrent SaaS, Healthcare, and AI products across USA, UK, and UAE, owning design strategy and execution.
- Conducted UX audits, usability testing, and stakeholder discussions to identify experience gaps, resulting in improved usability and faster feedback cycles.
- Designed scalable user flows, wireframes, and high-fidelity UI for web and mobile platforms used by thousands of users.
- Collaborated with product managers, developers, and clients through Agile ceremonies, demos, and sprint reviews, ensuring accurate design handoff and reduced rework.
- Mentored junior designers and reviewed designs, improving design consistency and delivery efficiency.

### Executive Designer → Lead UI/UX Designer

Gammastack | Mar 2022 – Aug 2023

- Designed data-heavy casino, gaming, and sports betting platforms for global users on web and mobile.
- Delivered 5–6 parallel projects under tight deadlines while maintaining design quality and usability.
- Created demo-ready products and pitch designs that supported client acquisition and portfolio growth.
- Promoted to Lead UI/UX Designer, mentoring 3 junior designers and owning design direction.
- Standardized UI components and interaction patterns, improving design consistency and development speed.
- Coordinated closely with PMs and developers to ensure seamless design-to-development execution.

### UI/UX & Graphic Designer

DJ Technology | Jun 2021 – Mar 2022

- Designed mobile apps and websites for Jewellery, Grocery, Sports (Cricket 11), and Logistics platforms.
- Worked directly with national and international clients to translate requirements into user-friendly designs.
- Iterated designs based on stakeholder and user feedback within Agile workflows.
- Delivered marketing creatives and social media assets to support product and brand visibility.

### UI/UX Designer (Intern → Full-time)

Innovaeps Technology | Jan 2021 – Jun 2021

- Designed UI screens, banners, logos, and marketing assets for web and mobile platforms.
- Contributed to products including Doctor App, Art Gallery Website, and Daily Services App.
- Created wireframes and UI designs using Adobe XD and improved designs through direct client feedback.
- Supported end-to-end project delivery within deadlines and quality standards.
